**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC Leaders,

We continue to NEED and USE affordable copper wires through our broadband internet server. I only know about this essential ingredient to technology because I just learned that this price might increase and I won't be able to afford the internet! I'm not tech savvy, yet I need the internet for medical and banking needs. Daily Life Commerce!

My fixed income demands that my internet server is reliable and affordable. We are all counting on YOU, the FCC leaders, to ensure that quality internet service is available.

Your wisdom is appreciated! Thank you!
